# Digitalisation of Finance

 **28 APR 2026 (TUE)** 17:45 – 19:00

 Hong Kong Monetary Authority,  
55/F, Two IFC, 8 Finance Street, Central, Hong Kong

The Hong Kong Monetary Authority (HKMA) launched ‘Fintech 2030’ in November 2025 as a forward looking strategy to strengthen and future-proof Hong Kong’s fintech ecosystem. Built on four core pillars – ‘Data and Payments’, ‘Artificial Intelligence’, ‘Resilience’, and ‘Tokenisation’, collectively known as ‘DART’– the strategy sets out the HKMA’s vision for maintaining Hong Kong’s leadership in digital finance.

This seminar will unpack the essence of Fintech 2030 through these pillars, with a particular focus on how the HKMA plans to nurture a robust and vibrant tokenisation ecosystem. The seminar will delve into the HKMA’s key tokenisation initiatives, including Project Ensemble, and explore how these initiatives are advancing innovation, market development, and financial stability in Hong Kong.
